TO WHICH IS ADDED A

OF INDIANAPOLIS.

INDIANAPOLIS:  
COMPILED AND PUBLISHED BY R. L. POLK & CO.  
DOUGLASS & CARLON, PRINTERS AND BINDERS.  
1880.

## INTRODUCTORY.

---

The Publishers, in presenting this, the twenty-fifth volume of the Directory of Indianapolis, take pleasure in referring to its improved appearance and many valuable auxiliaries. The canvass for the names has been conducted with *great* care and diligence, and the result, as presented, may be accepted by the public as an improved personal and business guide, combining completeness with reliability, to as great a degree as is possible in the preparation of such a work in a city where removals, changes and periodical absentees are so numerous.

The increase in the population since our last issue has been very healthy, as we find a list of 31,500 names against 29,260 of the previous year, showing an increase of 2,240, being a little over 12 per cent., and by a computation of 1 to 3, gives a population of 94,500.

To our patrons and the public would say: We have established a Library of Directories of all the principal cities in the United States and State Gazetteers, which will be found on file for reference in the Public Library. To this issue we have added a new map of the city, drawn from the latest surveys, embracing every street recorded up to the present time; engraved on the map will be found an index of the streets and public buildings, parks, etc., which will at once give the locality of any street or place desired; on the whole it is the most correct map of the city yet published. For the convenience of those who use the Telephone, have added a complete and corrected list of Telephone subscribers up to the date of issue.

We would inform our advertising patrons that copies of this issue of the Directory have been placed in the lobbies of the Post-Office and Court House, and in the waiting rooms of the Union and Massachusetts Avenue Depots; this will not only greatly benefit the advertiser, but will also prove a relief to our subscribers from the annoyance of *Directory Borrowers*.

We extend our thanks for the interest manifested by the great majority of the business men of the city, and for the substantial encouragement extended to us in our labors.

**RATES OF POSTAGE ON FIRST-CLASS MATTER.**

On letters, sealed packages, mail-matter wholly or partly in writing, except book manuscript and corrected proofs passing between authors and publishers, and except local or drop letters, or United States postal cards; all printed matter so marked as to convey any other or further information than is conveyed by the original print, except the correction of mere typographical errors; all matter otherwise chargeable with letter postage, but which is so wrapped or secured that it can not be conveniently examined by postmasters without destroying the wrapper or envelope; all packages containing matter not in itself chargeable with letter postage, but in which is enclosed or concealed any letter, memorandum, or other thing chargeable with letter postage, or upon which is any writing or memorandum; all matter to which no specific rate of postage is assigned; and manuscript for publication in newspapers, magazines, or periodicals, three cents for each half ounce or fraction thereof.

On local or drop letters, at offices where free delivery by carriers is established, two cents for each half ounce or fraction thereof.

**RATES OF POSTAGE ON SECOND-CLASS MATTER.**

Mailable matter of this class embraces all newspapers, magazines and periodicals, exclusively in print, and regularly issued at stated periods from a known office of publication, without addition by writing, mark, or sign, and addressed to regular subscribers, which shall be divided into two classes, and fixes the postage on each as follows:

1. On all newspapers and periodical publications, addressed and mailed as above prescribed, and issued weekly or oftener, two cents a pound or fraction thereof.

2. On all newspapers and periodical publications, addressed and mailed as above prescribed, and issued less frequently than once a week, three cents a pound or fraction thereof.

A regular subscriber is a person who has actually paid, or undertaken to pay, a subscription price for a newspaper, magazine, or other periodical, or for whom such payment has been made, or undertaken to be made, by some other person. But, in the latter case, such payment must have been made, or undertaken with the previous consent, or at the previous request of the person to whom such newspaper, magazine, or

periodical is sent. A person to whom any such publication is sent, without his consent or request, is not a "regular subscriber," within the meaning of the law, and if there be no evidence of prepayment on the package, double transit rates of postage must be rated up and collected on delivery.

### THIRD-CLASS MATTER.

The following articles are mailable at the rate of one cent for every two ounces or fractional part thereof:

Pamphlets, occasional publications, transient newspapers, magazines, books, periodicals, hand-bills, posters, sheet music (printed), prospectuses, maps, proof sheets, regular publications designed primarily for advertising purposes or free circulation, at nominal rates, and corrected proof sheets. All matter of the third class, not enumerated above, is one cent for each ounce or fraction thereof.

### POSTAL CARDS.

The object of the postal card is to facilitate letter correspondence, and provide for the transmission through the mails, at a reduced rate of postage, of short communications, either printed or written in pencil or ink. They may, therefore, be used for orders, invitations, notices, receipts, acknowledgments, price lists, and other requirements of business and social life; and the matter desired to be conveyed may be either in writing or in print, or partially in both.

In using postal cards, be careful not to write or have anything printed on the side to be used for the address, except the address; also be careful not to paste, gum or attach anything to them. They are unavailable as postal cards when these suggestions are disregarded.

### THE FOLLOWING ARTICLES ARE UNMAILABLE.

Packages containing liquids, poisons, glass, explosive chemicals, live animals, sharp pointed instruments, sugar or any other matter liable to deface or destroy the contents of the mail, or injure the person of any one connected with the service. All letters upon the envelope of which, or postal card upon which, obscene, scurrilous, or abusive epithets have been written or printed, or disloyal devices printed or engraved, and letters or circulars concerning illegal lotteries, so-called gift concerts, or other similar enterprises offering prizes, or concerning schemes devised and intended to deceive and defraud the public. Also, all obscene, lewd, or lascivious books, pamphlets, pictures, papers, prints, or other publications of an indecent character.

### FORWARDING LETTERS.

Letters may be forwarded without prepayment of postage, if forwarded without being taken from the Post Office, but if delivered to an authorized person (such as one to whose care they are directed), or hotel to whose care they are sent, having once been beyond the control of the Post Office Department, they are chargeable with postage on forwarding. Such re-directed letters are daily dropped in the letter boxes, and are, under instructions, forwarded to the Dead Letter Office.

### LETTERS RETURNED TO WRITERS.

All letters unclaimed, upon which are indorsed the names and addresses of the writers, will be returned whether a specific request for such return is indorsed or not—provided the original postage has been prepaid according to law.

### MONEY ORDERS.

Are issued on all points in the United States at a trifling cost—\$15 or under, 10 cents.

On Canada and the Provinces, \$10 or under, 20 cents.

On all points in Great Britain and Ireland, \$10 or under, 25 cents.

On all points in Germany, \$5 or under, 15 cents.

On all points in Switzerland, \$10 or under, 25 cents, and through Switzerland, France, Belgium, Italy and the Netherlands.

No limit to the amount of remittances to foreign countries. In the United States three orders of \$50 each is the limit for one remittance per day.

### STAMPED ENVELOPES.

Single envelopes and wrappers or quantities can be purchased from the stamp clerk.

#### STAMPS CUT FROM STAMPED ENVELOPES.

Stamps cut from stamped envelopes lose their legal value and can not be used to prepay postage. The use of such stamps is punishable by a fine of fifty dollars.

The postage on stamped envelopes spoiled in directing will be refunded at the stamp window, provided they never have passed through the mails.
